**SUBJECT: PUBLIC WORKSHOP: "DRAFT" 20-YEAR PLAN**  
**MCSD WASTEWATER MANAGEMENT FACILITY**

McKinleyville, CA – The public is invited to attend a workshop that will include a presentation of the McKinleyville Community Services District (MCSD) "Draft" 20-Year Facility Plan for the Wastewater Management Facility. The workshop will be held at 7:00 PM on Monday, November 7<sup>th</sup> at the Azalea Hall, 1620 Pickett Road, in McKinleyville.

The plan is available for review at:

<http://mckinleyvillecsd.com/news/20-year-facility-plan>  
or at the MCSD office during normal working hours

The 20-Year facility plan is a comprehensive document that examines the existing wastewater system from collection through discharge. The goal of the 20-Year facilities plan is to identify, evaluate, and select the most reasonable wastewater treatment and disposal options to address not only our immediate regulatory permit requirements, but also provide for the long term needs of a community. This facilities plan evaluates viable options for the District's wastewater collection, treatment, and discharge facilities.

MCSD will be accepting comments on the 20-Year Facility Plan through December 14, 2011. The purpose of this workshop is to provide an overview of the contents of the 20-year facility plan in order that the public can become familiar with the contents and recommendation presented in the Plan.

For more information, please call the MCSD main office at 839-3251.
